EMPOWER YOUR DATA TEAM TODAY WITH OUR
QLIK SENSE TRAINING

" Qlik Sense is a leading Business Intelligence and Analytics solution" - Gartner

This solution provides information insights with the Associative Engine, to enable quick, data-driven decisions. Qlik Sense enables users to transform data into striking interactive visuals and share them with colleagues via Storytelling on almost any device or browser.

We offer two Qlik Sense training courses dependent on your organisation's needs:

INTRODUCTION
QLIK SENSE

ADVANCED
QLIK SENSE

Our Introductory Course offers an overview of Qlik Sense and the Associative Engine, navigating the Qlik Sense interface, and performing analysis selections, and Stories.

Our Advanced Course is a follow up course that covers loading and associating data graphically, creating interactive visualisations, and an introduction to Scripting language while loading data.

FIND THE COURSE THAT'S BEST SUITED FOR YOUR TEAM

QLIK SENSE TRAINING TOPICS

Introduction to Qlik Sense (1 Day)

- Overview to Qlik Sense
- Exploring the Interface
- Analysis with Selections
- Associative Engine
- Insights
- Bookmarks
- Exporting Data & Visuals
- Storytelling

Advanced Qlik Sense (2 Days)

- Loading data with Data Manager
- Data Profiling and Customisation
- Performing Associations
- Creating Visualisations
- Introduction to Script Editor
- Introduction to Script language
- Loading data with Scripts
- Exploring the Script Debugger

Each course is charged separately per candidate. The training sessions are offered in two variations depending on your need:

- A six hour in person training session
- Two separate three hour online training sessions

The Advanced Course is a continuation of the Introduction Course, but we encourage attendance in both courses to reap the full benefits of the platform. Our training sessions are interactive sessions where you are encouraged to participate in hands-on exercises.
