

# LEARNING MANAGEMENT SYSTEM

## UNLOCK CONTINUOUS GROWTH AND SKILLS-BUILDING FOR YOUR WORKFORCE WITH THE LEARNING MANAGEMENT SYSTEM (LMS) PORTAL

The Learning Management System is a bespoke online portal that will enable you to deliver an amazing training experience to your staff, customers or partners. It will allow you to easily facilitate ongoing skills growth and personal development, offering the flexibility to access material any time of the day. Our LMS portal will allow you to deliver continuous learning and upskilling to whomever needs it.

### MANAGE YOUR LEARNING MATERIAL IN ONE CENTRAL LOCATION

The portal can be tailored to your organisation's needs. Content can be categorised according to skillset - for example: Business Skills, Commercial Skills, Technology, Tools and Systems to People Leadership or Personal Development.

You can save time by uploading your training on internal policies and procedures, host your induction material or train sales on the latest products or service lines - scaling your training easily and cost-effectively across your company.

### HOW THE LMS WILL BENEFIT YOUR ORGANISATION:

**UPSkill YOUR WORKFORCE TO IMPROVE YOUR COMPETITIVE EDGE**

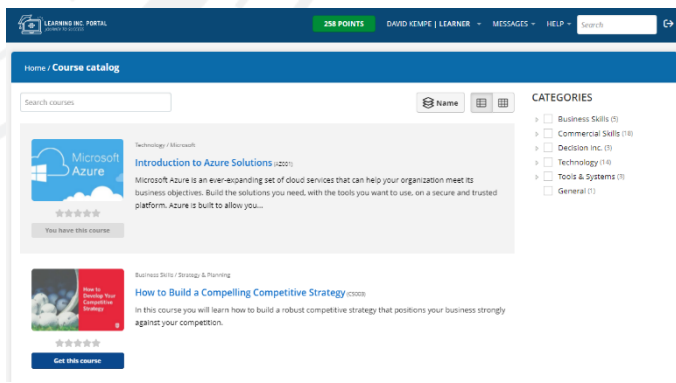

**SAVE TIME COMMUNICATING INTERNAL POLICIES & PROCEDURES**

**SHARE KNOWLEDGE WITH YOUR TEAMS AT SCALE**

**EASILY CHANGE CONTENT AS THE BUSINESS CHANGES**

## ENSURE HYPER ENGAGEMENT FROM YOUR WORKFORCE.

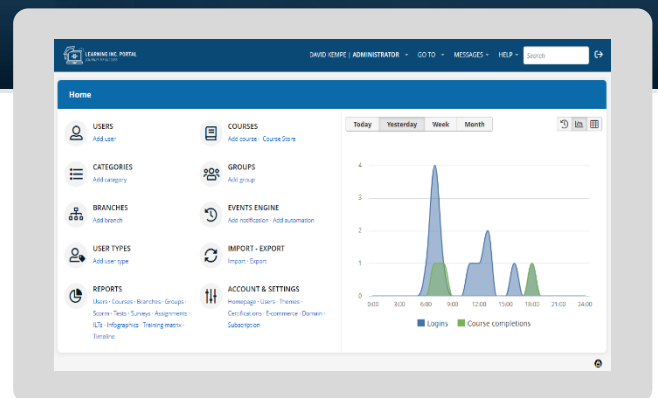

THE LMS ENCOURAGES EXCITEMENT AROUND TRAINING AND LEARNING.

We'll help your users to learn better and faster. Your tailored content can range from online interactions, training videos, assessments and quizzes – and these can be watched again and again at anytime. The portal can monitor the progress of your learners with a badge functionality. Users earn badges and certificates upon the completion of specific courses, ratifying achievement and ensuring key learnings are completed.

## MANAGE YOUR VARIOUS COURSES, ASSESS ENGAGEMENT, AND ENSURE UNDERSTANDING WITH INSIGHTFUL REPORTS

Admin users can receive progress reports to determine whether certain courses have been completed by the requested deadline dates and to view the results of the assessments.

The online quizzes test the ability of users to understand versatile topics and the user can evaluate their own understanding of a given subject.
